

**Meyer Township is updating their 5-Year Recreation Plan and they are seeking citizen input through participation in this survey. The purpose of developing a 5-Year Recreation Plan is to give the Meyer Township Board the guidance and direction needed to continue to improve the Township's recreation facilities and develop additional recreational opportunities for the residents and visitors to Meyer Township. The completed and locally adopted 5-Year Recreation Plan will then be submitted to the Michigan Department of Natural Resources (MDNR) making Meyer Township eligible to apply for recreation development assistance in the form of DNR grants.**

**Additional public input will be solicited throughout the plan development process and the residents of Meyer Township will be invited to review the draft plan and provide additional information and comments before it's final adoption.**
